HEADACHES

Thousands of men and women suffer from beadaches every day, other thousands have headaches every week or every month, and still others have headaches occasionally, but not at regular intervals. The best Doctor is often unable to find the cause of many of these headaches, and in most other cases, knowing the cause, he does not know what will remove it, so as to give a permanent cure. All he can do is to prescribe the usual pain relievers, which give temporary relief, but the headache returns as usual, and treatment is again necessary. If you suffer from headaches, no matter what their nature, take anti-kamnia tableta, and the results will be satisfactory in the highest degree. You can obtain them at all druggists in any quantity, los worth, 25c worth or more. Ask for A-K Tablets.
